FIG. 3

Fig. 3A is a schematic diagram of a sequence of operations. The sequence is represented by a series of three 2x2 grids, each containing a 1 in the top-left and bottom-left cells, and a 0 in the top-right and bottom-right cells. The grids are connected by arrows indicating a sequence of operations. The first grid is labeled 42, the second 40, and the third 42. The sequence is shown as a continuous loop, with arrows indicating the flow from one grid to the next, and from the last grid back to the first. The sequence is shown as a continuous loop, with arrows indicating the flow from one grid to the next, and from the last grid back to the first.
